

High Performance™ 10 SEER

Split System Air Conditioning

Model H*BA Shown

At 10 SEER, this durable air conditioner could reduce energy use up to 40% compared to most systems over 10 years old.

■ Stay Comfortable, Save Money.

The compact and energy-efficient High Performance™ 10 SEER air conditioner will keep your home comfortable on the hottest days of the year, effectively lowering humidity levels, while maintaining the desired temperature. It's an air conditioning system you can count on to cool your home...at a surprisingly low operating cost. Talk to your Luxaire® Dealer to find out what system is right for you. Match the High Performance 10 SEER¹ air conditioner with a compatible Luxaire air handler, single, two-stage, or variable speed gas furnace to maximize efficiency and comfort.

■ Durability by Design.

Quality materials and manufacturing ensure that the entire system is built to last. The coils are constructed from copper tubing and coated aluminum fins. Plus, they're protected from impact by a tough, decorative grille and mesh guard. The permanently lubricated fan motor needs no servicing. The compressor is internally protected from abnormal operating conditions and is the most efficient, reliable, and long-lasting in its class. And the heavy-duty cabinet is made of pre-painted steel with an appliance-quality finish that is attractive and resists corrosion and fading.

■ A System Designed to Save You Money.

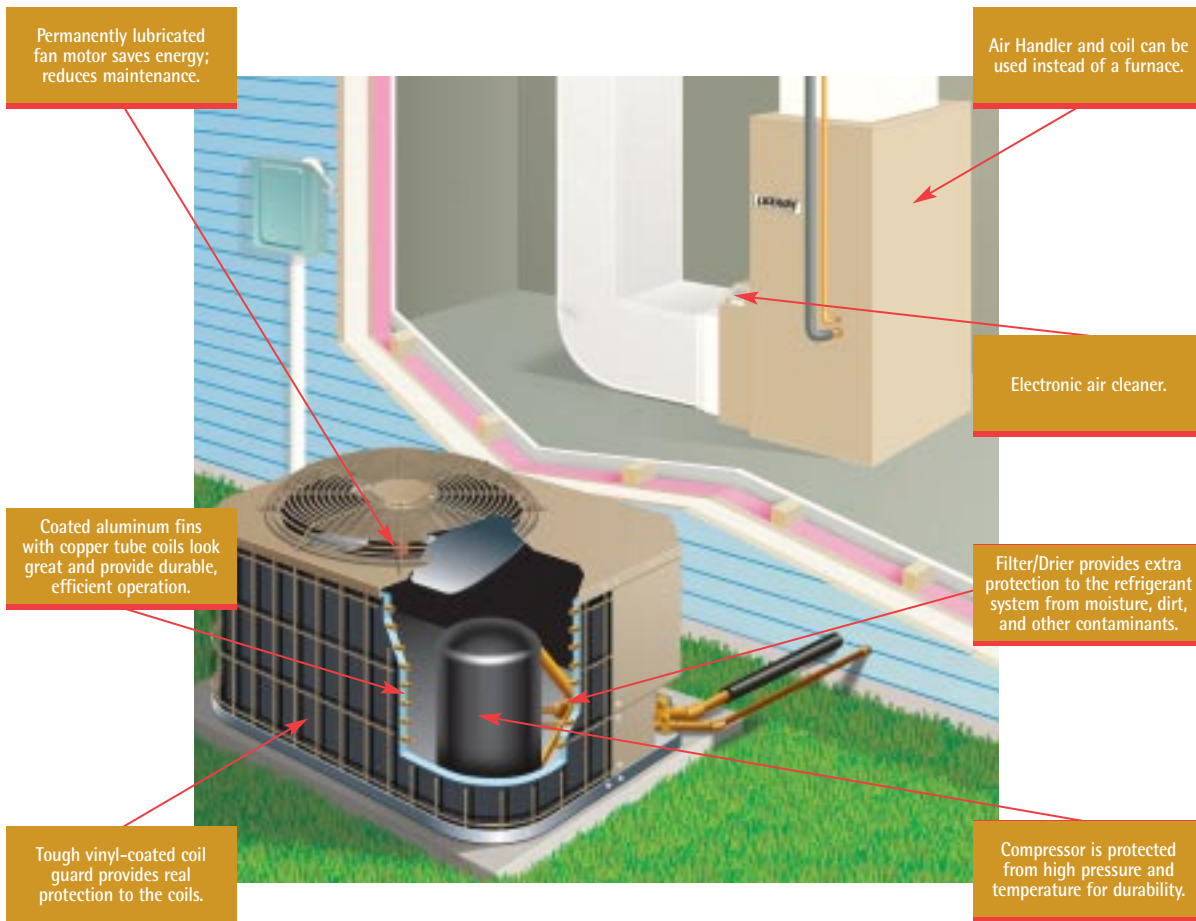

With a Seasonal Energy Efficiency Ratio (SEER) of 10, a High Performance air conditioner can make a dramatic difference in your energy bill. In fact, it could cut your energy use up to 40% when compared to most central air conditioning systems over 10 years old.

1. Actual MBH and SEER Ratings will vary depending on which Indoor Unit the Outdoor Unit is matched with. See your Luxaire Dealer for details.

■ A System That's Built to Last.

This unit/design has proven reliability and performance; it has been in the market for years. Millions of units are in service, making the High Performance 10 SEER the "workhorse" of the product line. And when we build a product this good, we're happy to stand behind it. So we back each High Performance system with a 5-year parts warranty and a 5-year limited warranty on the compressor.

Extended Warranty

Ask your dealer about our Extended Protection Plan. You can have complete peace of mind—with total parts-and-labor coverage on your system for up to 10 years.

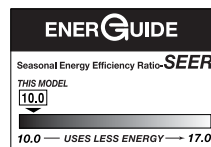

Complete Buyer Protection

Ask your dealer about Easy Financing from Luxaire. Applying takes just minutes, and, upon approval, you'll enjoy low monthly payments, special financing offers, and no annual fee. You can use Luxaire's revolving credit to purchase new Luxaire equipment, accessories, and service. Keep your family in comfort year-round...apply and buy with your new Luxaire credit card today!
